

SUMATRA TOBACCO GOES TO 26 ON CURB

Gains Two Points, While Sinclair and Merritt Oils Rise One Each.

CHEVROLET TOUCHES 104

Bethlehem Steel Two Year 5 Per Cent. Notes at 98 1/2 in Initial Sales.

A firm tone marked trading in the curb market yesterday, especially in a few spots such as American Sumatra Tobacco, Sinclair Oil and Merritt Oil. Sumatra Tobacco became active soon after noon and sold well above 26, a gain of 2 points from that preceding close. Sinclair Oil and Merritt Oils were each a point higher.

In the rest of the list price movements were narrow, but trading was on a fairly large scale. Chevrolet, which had been inactive for nearly two weeks, advanced to 104 in the late trading, compared with Bethlehem Steel two year 5 per cent. notes traded in for the first time, and changed hands at 98 1/2. Other bonds were active, but little changed. Sales and quotations:
